Schaub & Srote Welcomes New Interior Design Assistant, Emily Palmier

(ST. LOUIS, MO – March 2, 2016) – Schaub & Srote Architects, LLC. is pleased to announce the recent hiring of Emily Palmier, an interior design assistant and the newest member to their interior design & decorating staff. Palmier comes to Schaub & Srote with over 7 years of professional experience including freelance design, event coordination, account management, and client relations. Palmier is an avid researcher of design trends as well as furniture styles and has a special appreciation for creative “do-it-yourself” projects.

As an Interior Design Assistant, Palmier will support designers who work closely with architects, structural engineers, mechanical engineers, and builders, to determine how interior spaces will function, look, and be furnished. She will help designers communicate with clients and collaborate with architect teams during interior planning in addition to assisting with individual interior design projects from initiation through completion.

“Emily has an excellent eye for design and is very capable of coordinating multiple aspects of concurrent projects; two essential skills needed for a design assistant,” stated Robert Srote, principal partner of Schaub & Srote. “Our interior design service is gaining attention and growing steadily because of the talented professionals we bring aboard. We know Emily will add a lot of value to our clients and design team.”
